WIDENER COMMONWEALTH LAW RECYCLING PROGRAM IS SINGLE-STREAM

**Recyclables can be co-mingled in
the blue containers on campus.**

Recycling reduces waste sent to landfills and making new products out of recycled ones reduces the amount of energy needed in production. But it is not all about recycling. One of the easiest ways to be good to the environment is to **REDUCE**, or cut back, in key areas of your life. Three of the most important resources you can reduce are: energy, water and solid waste.

Please remember to use the Widener Law blue or green recycling containers to recycle here on campus. It is our responsibility to preserve and protect our natural resources for future generations.

REDUCE! REUSE! RECYCLE!!

CAMPUS SAFETY
