Through the Law and Government Institute, Widener Law Commonwealth students may enhance their legal studies by completing the requirements for one of three certificates in government law. Each of the certificates requires students to gain experience in the field through an externship, to complete a concentration in government law courses, and to fulfill the law school’s writing requirement on a government law topic. A Law and Government Certificate signals that a student has completed in depth study of and has practical experience in government law. Government law includes lawyers who represent clients before the government and lawyers who represent the government itself.

Professor Jill Family, Professor of Law and Director, Law and Government Institute, will provide information and answer questions during these sessions.
