University COVID-19 Requirement

Widener University's COVID-19 vaccination policy requires all faculty, staff, and students who will be on our campuses to be fully vaccinated with the addition of a booster dose of the Pfizer, Moderna, Johnson & Johnson, or any other World Health Organization approved vaccine when eligible. Booster eligibility depends on the type of vaccine you received initially:

- Johnson & Johnson – two months after first dose.
- Pfizer – five months after the second dose.
- Moderna – five months after the second dose.

For vaccine availability in your area please visit https://www.vaccines.gov/.

The criteria for complying with the policy are as follows:

1. **Campus living and extracurricular experiences:** Students must upload proof of full vaccination prior to moving onto campus or participating in activities. Students not yet eligible for a booster due to the timing of their initial vaccination may still move in, but must receive a booster and upload their updated vaccination card within 7 days of eligibility.
2. **In-person academic experiences:** Students who have received one dose of a two-dose series vaccine and are not yet eligible for their second dose must upload their vaccination card after the first dose and may attend classes only. Proof of full vaccination is required within 30 days of first dose, followed by a booster dose when eligible.
3. **Online-only academics:** Students participating in online-only academic programs that do not come to campus for any reason may email covid@widener.edu for an academic exemption.
4. **Medical Exemption:** To apply for a university-approved medical exemption, please contact Student Health for details at 610-499-1183.

COVID-19 UPLOAD INSTRUCTIONS

Access the link: https://widener.medicatconnect.com/home.aspx

Follow these instructions:

- **Click Upload either at the top or bottom of home page.**
- **Upload your COVID-19 vaccine to 1. COVID-19 Vaccination Record.**
- **Upload your booster record to 2. COVID-19 Booster Record.**
